Researcher Workbench
Data and Tools that Foster Innovation

The *All of Us* Research Program equips researchers with tools to conduct cutting-edge research.

All of Us RESEARCH PROGRAM

Workbench Tools Often Begin as Part of Demonstration Projects

Demonstration projects use **pre-release data to build resources** and assess data quality and validity

Along with other tools and data, demonstration project resources are **made available with each data release**

These tools and resources **lower the barrier** for researchers to use *All of Us* data to drive discovery
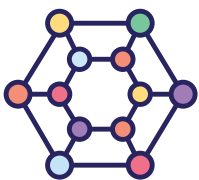

Use Workbench Tools and the User Support Hub to Power Your Research

15 Tutorial Workspaces
Showing how to work with data and tools

10 Demo Project Workspaces
Illustrating end-to-end sample analyses

8 Phenotype Algorithms
Previously validated and ready for use

264 Support Hub Articles
With answers to common questions about the Workbench

Weekly Office Hours
Supported by monthly new user orientation sessions
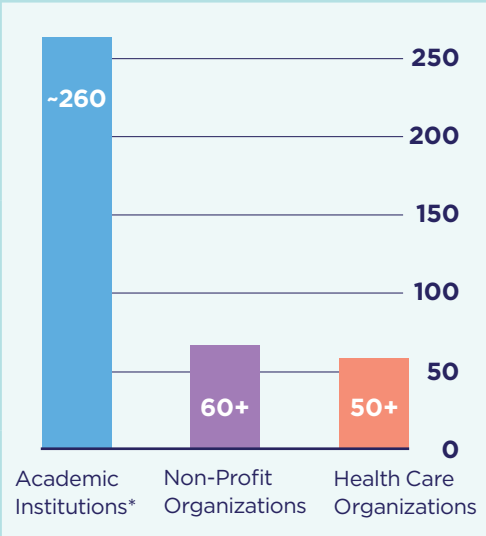

Join a Diverse Community of Researchers on the Workbench

Our Researchers

2,800+
Registered Researchers
across a range of institutional roles and career stages

385 Institutions

Researchers **nationwide** are using the **Researcher Workbench**

~260 — Academic Institutions*
60+ — Non-Profit Organizations
50+ — Health Care Organizations

(chart axis: 0, 50, 100, 150, 200, 250)

***Includes 42 Historically Black Colleges and Universities and Hispanic-Serving Institutions**
